SIGNATURE TOPICS

✓ **Intuitive Leadership: Guiding Your Business with Insight and Instinct**

This topic will share how to harness your intuition to drive informed decision-making, foster creativity, and cultivate authentic connections with your team and clients. You'll learn tips and tricks on how to unlock your intuitive leadership and pave the way for sustainable success in an ever-evolving business landscape.

✓ **Community as Currency: Building Connections to Last a Lifetime**

This topic details how Bessy created community and how important it is for both personal and organizational success. Through engaging stories and practical strategies, we'll delve into the art of building genuine connections that withstand the test of time, cultivate support networks, drive collaboration, and elevate our collective impact.

✓ **The Power of Personal Storytelling: Building Authentic Connections in an Identity-Driven World**

This topic explores the art of storytelling for entrepreneurs in a world where connections are forged based on who you are rather than just what you do. Discover how sharing your personal narrative authentically can establish deeper connections, foster trust, and differentiate your brand in an increasingly identity-focused marketplace.

✓ **Collaboration over Competition**

By destigmatizing what competition to collaboration means, we are able to see how important it is to the overall ecosystem of sustainability to help our communities, businesses, and economy grow. I'll share the importance of embracing a collaborative mindset in today's interconnected world.
